

BRAYMANPRECAST

Heavy and Specialty Precast Products

Job Title: Concrete Finisher

Position Code: 4020

Reports To:

FLSA Status: Hourly, Non-exempt

Job Summary:

Brayman Precast is seeking Concrete Finishers for full-time positions for our precast concrete manufacturing plant located in Saxonburg, PA. The essential work would be on various industrial, commercial, institutional and related projects that supply the construction field. Ideal candidates will have experience with forming and placing concrete.

Duties/Responsibilities:

- Uses forms to shape concrete to specified levels and consistencies.
- Uses a variety of tools, such as straight-edges, floats, rakes, shovels, trowels, and brooms, to spread, level, smooth, and finish concrete and surface.
- Mounts fixtures, such as anchor bolts or steel plates in freshly poured concrete.
- Levels and evens surface as needed by chipping, scraping, and grinding uneven spots or ridges using power or hand tools.
- Repairs and reinforces concrete surfaces, which may include removing ridges and cavities, resurfacing, or cleaning.
- Cleans surface, tools, and surrounding area thoroughly.
- Performs general laborer duties.
- Performs other related duties as assigned.

Required Skills/Abilities:

- Recent work history.
- Excellent verbal communication skills.
- Thorough understanding of the characteristics of concrete and ability to make plans based on that knowledge.
- Ability to create, lay, and use concrete forms.
- Understanding of and ability to use tools related to cement.
- Ability to work well with others.
- Ability to create a variety of surfaces for various purposes.
- Ability to read and interpret blueprints is a plus.

Education and Experience:

- High school diploma or equivalent.

Work Environment:

- Works in concrete production facilities and on construction sites **indoors and outdoors**.
- Environment can be **dirty and noisy**.
- Wears appropriate **protective clothing and equipment** including gloves, ear protection and respirators when necessary.

Physical Requirements:

- Lifting up to 50 LBS.
- Stands frequently and walks about the work areas to monitor and adjust the plant and add ingredients.
- Occasionally stretches up and across when adjusting controls or loading ingredients into the plant.
- Squatting, crouching or kneeling may be required occasionally.
- Twisting the body or neck may be required occasionally.
- Bending is occasionally required to facilitate the lifting of items to add to the production process.
- Contact with skin irritants or water may occur during production processes such as when adding raw materials to make concrete.
- Employees frequently lift and carry raw materials.
- Repetitive hand and arm movements are required when operating machinery.
- Must be able to work in all types of weather.
- The employee must be able to perform the physical demands of the job with or without reasonable accommodation.

Special Note:

This job description is presented as guidance only, other reasonable tasks or responsibilities as management sees necessary may be added to this job description in order to achieve satisfactory job performance by the team member.

EEO Statement:
